**PEMBROKE MANAGING AGENCY
EXPANDS INTO TERRORISM AND WAR RISKS WITH NEW APPOINTMENTS**

Pembroke Managing Agency is pleased to announce two senior underwriting appointments as Quentin Prebble and Grant Witheat join the agency. Their arrival will enable the expansion of the existing marine cargo, fine art and specie books, as well as allowing the business to move into marine and aviation war and terrorism covers.

Both Quentin and Grant are recognised market leaders in their fields and formerly held roles at Liberty Syndicates.

Mark Wheeler, Active Underwriter, said: "We are delighted to have secured two highly experienced and respected underwriters in Quentin and Grant. These appointments represent the next stage of our strategy to offer a deeper and broader range of services to our clients. Other areas we have recently expanded into include media and technology risks, and we are keen to continue building on this momentum over the next year."
